Specializing in providing accurate, confidential and professional appraisals for most types of personal property assets since 1984.

Did you know we have offices throughout the United States?

Dedicated to accurate and quality appraisals beyond the standard

MIEDEMA

Asset Management Group

Miedema Asset Management Group can provide many options for our clients, including asset management and recovery, complete buy outs of your assets, guarantee of selling prices, inventory services, and much more.

Miedema Auctioneering, Inc. Live Division (Started in 1984) is our live equipment & real estate auction division that conducts millions of dollars of traditional style auction sales annually. These auctions include: real estate (Agricultural Land, Vacant Land, Recreational Property, Homes, Investment Property, Commercial/Industrial Properties, plus much more!); Construction Equipment, Agricultural Equipment, Industrial/Commercial Equipment, Business Liquidations, plus much more. We offer real time live internet bidding to augment our professional onsite traditional auctioneers, maximizing our seller's market and increasing selling prices. When the excitement and competition of a live, traditional auction is desired, our Miedema Auctioneering, Inc. team delivers!

Call us today for more information at **1-800-527-8243** or visit us at: **MiedemaAuctioneering.com**

Miedema Appraisals, Inc. (Started in 1984) specializes in providing accurate, confidential and professional appraisals for most types of personal property assets. Our team writes over 200 appraisals annually for all types of equipment and personal property, valuing millions of dollars of assets for our clients which include financial institutions, legal professionals, courts and other professionals and corporations across the globe.

Call us today for more information at **1-800-734-1112** or visit us at: **MiedemaAppraisals.com**

Repocast (Started in 2000) specializes in recovery and sales. We market commercial, business and personal property assets of all types for banks, credit unions, trustees, businesses and individuals. We have many auctions every week, typically selling over 3,000 items and attracting thousands of bidders. We have three permanent Michigan facilities, from which items sell: Grand Rapids Metro (Byron Center), Southwest, MI (Wayland) and Ortonville. Repocast can handle voluntary or involuntary repossessions from a whole business to a single car and more, and move these items to our secure facility to be included in our auctions.

Call us today for more information at **1-866-550-7376** or visit us at: **Repocast.com**

Orbitbid (Started in 2002) brings the internet auction to your facility and sells all the assets from your location, providing an efficient and effortless auction with all the benefits of a large bidding audience. We have the latest in internet bidding technology, and a huge following of online bidders from all over the world. Orbitbid conducts over 300 auctions annually totaling millions of dollars.

Call us today for more information at **1-866-672-4806** or visit us at: **Orbitbid.com**

Rangerbid (Started in 2012) allows businesses to sell their item(s) to end users, as well as other businesses, with ease right from the seller's location. When it is not convenient for a seller to have their own auction or transport their items to one of our three fixed facilities, Rangerbid is your source for listing and selling your items! Rangerbid auctions consist of items from multiple consignors and multiple locations around the country. The Rangerbid team will provide a high level of customer service and security while working hard to facilitate seamless transactions by utilizing a proven state of the art internet auction technology.

Call us today for more information at **616-261-4984** or visit us at: **Rangerbid.com**

LASTBIDrealestate (Started in 2008) specializes in selling real estate via online bidding. We market several hundred real estate properties each year for banks, credit unions, government agencies, businesses & private individuals with our unique and highly successful online auction bidding platform. Bidders from around the world are able to participate in the real estate auctions we conduct for our clients. Quickly & efficiently, we turn our client's real estate assets into cash.

Call us today for more information at **1-800-527-8243** or visit us at: **LASTBIDrealestate.com**

SSL Corporation (Started in 2012) is our federally licensed firearms dealership that specializes in selling all types of firearms and accessories, primarily through online auctions. Our independent location is within our Repocast facility in Byron Center, MI and sell to eligible, pre-screened buyers across the United States. We also specialize in selling private collections, firearms from private individuals, and for municipalities/Public Safety Department. We make selling your firearms safe, easy and eliminate the legal concerns by being a licensed FFL dealer.

Contact us today for more information at **616-432-6640** or visit us at: **SSLFirearms.com**

Online-Auction Software (Started in 2009) provides and supports the software for the online auction bidding platform. All of the online auction companies owned and operated by Miedema Asset Management Group utilize the OAS bidding platform. OAS offers the opportunity to license this bidding platform software to other Independent Auction Operators.

If you are interested in participating with OAS, contact **616-389-6476** or visit us at: **Online-AuctionSoftware.com**

68

I certify that, to the best of my knowledge, the information reported is accurate:

Inspected by: Joel Hassevoort

Inspection Date: May 18, 2020

INSPECTION SUMMARY

May 21, 2020

2014 Apache AS720 Self Propelled Crop Sprayer

SN 9140298

Duncan, Mississippi

Equipment Inspection Location: 71 Noland-Topper Road, Duncan, Mississippi

Inspection Date: May 18, 2020

Description: 2014 Apache AS270 Self Propelled Crop Sprayer

Serial Number: 9140298

Hours: 1687 Metered Hours

General Description: Cab, Cummins 163-HP Tier 3 Diesel Engine, JCB PowerShift 4-Speed Transmission, Back-Up Camera, Raven Envizio Pro GPS System, Accuboom Section Control, SmarTrax Autosteer, 750-Gallon Poly Tank, 90' 9-Section Steel Boom, 20" Nozzle Spacing, Front Fenders, Rear Fenders, 380/80R38 Fair Front Tires, 380/90R46 Average Rear Tires

Cab: Fair to average condition. No rips in the leather seat or buddy seat. No stains or rips in headliner. No apparent odor. The right arm rest is loose and detached from mount. The steering wheel boot cover is loose. The rubber floor mat is dirty.

Cab Glass: Fair to average condition. Rear window has large spider crack. The remaining glass panels are in good condition. No cracks, noticeable chips, or fogging.

Cab Systems: Fair to average condition. All heat, A/C, and radio are functioning. The interior overhead light and backup camera are not working. Firewall circuit fault is being displayed on dash screen.

Cab Components: Raven Envizio Pro GPS System. Good condition. All functioning and maintained.

Engine: Cummins 163-HP Tier 3 diesel engine. Good condition. Battery was dead due to lack of use but started with a jump. The engine shut down crisply.

Transmission: JCB PowerShift 4-speed transmission. Good condition. Seemed to shift hard at first, shifted normally once warmed up.

Tires: 380/80R38 front tires, 380/90R46 rear tires. Fair condition. The front tires are worn unevenly and have approx. 15-25% tread life remaining. The tires have small cuts but are still holding air and have approx. 50-60% tread life remaining.

Mechanical Condition: Good condition. Runs and drives as it was manufactured to do.

Applicator Components: Fair to average condition. Pump turns on and off properly. No cracks or gouges in the poly tank. The booms fold out and in properly. Wire on the right boom is broke and needs to be repaired.

Exterior Condition: Fair Condition. Left front fender is missing. Left engine cover / panel is missing. Lessee stated that they still had the panel, but was not seen at the time of inspection. The front grill frame is cracked and repaired with glue and a mesh component. Cab steps will retract automatically but will not go down when the sprayer is parked. Requires personnel weight to make steps go down in order to exit the sprayer. Wires are hanging loose on back bumper. GPS antenna dome is cracked. Some surface rust on steel components. Chemical residue on exterior components and underside of sprayer.

Overall Condition: Fair condition. Unit is missing some exterior components, cab steps do not function properly. Front tires are worn unevenly. Unit needs a good cleaning. Otherwise unit runs and drives as it was manufactured to do.

Maintenance: No maintenance records were supplied by the Lessee. Lessee stated the sprayer had a newer pump and have replaced the tie rod ends over a dozen times. Lessee also stated the machine required repairs every few hours of use.

Estimate of Repairs: N/A

Inspector Notes: Unit runs and operates as it was manufactured to do, but needs a good cleaning. Exterior components need to be fixed and replaced .
